TO THE PUBLIC.

Through the good graces of the Pioche Commercial Club the attention of the merchants of Pioche was called to the long hours of work that was required of them and their employees conform to the opening and closing hours as now exist among the merchants. It resulted in a meeting of the merchants and the creation of the Pioche Merchants' Association. The business firms as their names appear below have agreed, commencing December 1st, to close their doors to business at 8 o'clock p. m. each day and to remain closed all day on Sundays, except the drug store.

Heretofore, the merchants and their employees have had to work from thirteen to fifteen hours per day and half of each Sunday—no opportunity was given them for rest or recreation; no time was permitted them to enjoy the social pleasures of either home or friends or give the attention and care that is due them to their wives and children.

Knowing that we can trust the people to be fair, generous and right, we come to you asking for your endorsement, for your support and influence in making this change, which means so much to us, a success.
